REPORT ON SHIPPING

To the Honourable

L. P. BRODEUR,

Minister of Marine and Fisheries.

SIR,—I have the honour to submit herewith the twentieth List of Shipping issued by this Department. The List has been prepared from records kept in the Department and care has been taken to make it as complete and accurate as possible.

Supplements to the List of Shipping are published every month, and those affecting this List which have issued up to date, are bound with this volume.

The total number of vessels remaining on the Register Books of the Dominion on the 31st of December, 1910, was 7,904, measuring 750,929 tons, being an increase of 136 vessels and 32,376 tons, as compared with 1909. The number of steamers on the Register Books on the same date was 3,332, with a Gross Tonnage of 554,974. Assuming the average value to be \$30 per ton the value of the Net Registered Tonnage of Canada on the 31st December, 1910, would be \$22,527,870.

The number of new vessels built and registered in the Dominion of Canada during last year was 294, measuring 22,283 tons Net Register. Estimating the value of the new tonnage at \$45 per ton gives a total value of \$1,002,735 for new vessels.

A comparative statement showing the tonnage of each of the Maritime States of the world is given which shows that Canada retains her place as tenth.

During the year 247 vessels were removed from the Register Books, and a detailed statement is given showing the cause of their removal.

It is estimated that 40,070 men and boys, &c., inclusive of the Masters, were employed on ships registered in Canada, during the year 1910.

RAPPORT SUR LA MARINE MARCHANDE.

A l'honorable L. P. BRODEUR,

Ministre de la Marine et des Pêcheries.

MONSIEUR,—J'ai l'honneur de présenter la vingtième liste de la Marine publiée par ce département.

Cette liste a été calculée à même les dossiers du département et on a eu soin de la rendre aussi complète et aussi exacte que possible.

Des suppléments à la liste de la Marine sont publiés chaque mois et ceux qui modifient cette liste et qui ont été publiés jusqu'à ce jour sont reliés dans ce présent volume.

Le nombre total des navires portés sur les registres du Canada au 31 décembre 1910 était de 7,904, d'un tonnage de 750,929 tonneaux, ce qui donne une augmentation de 136 vaisseaux et de 32,376 tonnes par rapport à l'année 1909. A la même date, le nombre des vapeurs figurant au registre était de 3,332, d'un tonnage brut de 554,974 tonneaux. En estimant la valeur moyenne du tonnage à \$30 le tonneau, le tonnage enregistré au Canada au 31 décembre 1910 serait de \$22,527,870.

Le nombre total des vaisseaux construits et enregistrés au Canada durant l'année dernière a été de 294, d'un tonnage de 22,283 tonneaux. En estimant la valeur du nouveau tonnage à \$45 le tonneau, on obtient une valeur totale de \$1,002,735 pour les nouveaux vaisseaux.

Un tableau comparatif indiquant le tonnage de chacun des pays maritimes du monde démontre que le Canada reste à la dixième place comme pays maritime.

Durant l'année écoulée, 247 vaisseaux ont été biffés des registres pour les raisons données.

On estime à 40,070 le nombre des hommes et des garçons, etc, y compris les capitaines, qui furent employés à bord des vaisseaux enregistrés au Canada, pendant l'année 1910.
